A mystery to solve? A monster to annihilate? Angus is the cat for the job! Right now in Fantasy-Central, this feline adventurer is never out of work. Vile creatures are constantly wreaking havoc, a necromancer has returned after 500 years away, and there's a strange chest that just won't leave poor Angus alone... Along with Liya, his feisty apprentice, Book, the ghost librarian, and Mimic, the magic chest, Angus will have to face all kinds of terrible dangers, not to mention paying his dues. What with all that pressure he's under, you have to forgive him for being a bit grumpy from time to time!
