In a few hours, a chemical attack on American soil will plunge the country into a hellish crisis. The Presidential elections will be cancelled, the Constitution modified, individual liberties curtailed. Only one man has the power to foil the attack and prevent this nightmare — Jared Gail.

The only problem is, at this very moment Jared is holding a pistol to his head, about to put himself out of his misery...

In precisely six albums — which will race along at the frenzied pace of American series — we will plunge into the dark and mysterious past that holds Jared prisoner, while exploring the monstrous alliance between the terrorist sect known as the Hashashins and the American extreme right.
