One of the wildest series of the decade! Set in the world of the not too distant future, it's all going on... planetary highways, global cooling, the coronation of a young Russian Tsar, the resurrection of a Mongol army on the trail of Gengis Khan, an all-powerful multinational that controls earthly transport... and much more! And in the middle of this, we have a long-distance gypsy truck driver who, fortunately, knows how to look after himself!

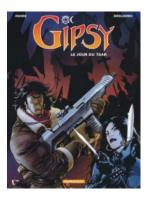

In this series

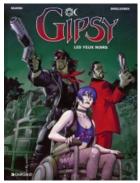

L'Aile blanche

Le Jour du Tsar

Les Yeux noirs
