This man is a beast. With his leopard-print suit, his noble bearing and piercing gaze, his agile yet powerful walk... and his pen stuck up his nose, he is as alluring as he is frightening. His name is Karzmeier, Jerome Katzmeier. His mission: to destroy the fear of tomorrow, allowing everyone to board the train of progress as it departs from the dock of the hassles of everyday life. In other words, Jerome Katzmeier is an insurance agent. But one not quite like the rest...
