There was once a mother wolf who sent her little wolf cub out with a rabbit for his old grandmother. "But be careful," she tells him, "keep away from any humans on your way - the hunter and his daughter are about!" But this responsibility soon goes to our little wolf cub's head, leading him to blithely stray from his path and make the mistake of gobbling up the meal destined for his grandmother. When he realises he's lost, he soon forgets his mother's advice, and makes friends with a charming human...

A reinterpretation of Little Red Riding Hood for all age groups.
