If you associate Switzerland with discretion, diplomacy and attention to detail, William Tell will come as quite the shock to you! Tell, who constantly seems to be feuding with both friend and foe alike, gets himself out of those tricky situations simply by uttering an ear-splitting cry of "yoooobaaa"! Other than his war cry, he doesn't really have any remarkable characteristics, which makes him a bit of crowd-pleaser. We could say the same of his wife and son.
