Bernard Giraudeau and Christian Caillaux have written a magnificent story of friendship, travels and dreams for Aire Libre. Carried by the energy of luminous and raw writing, the meeting of Théo, the former seafarer, and Diego, the junior seaman without a ship, takes us to the boundary between dreams and reality, to a place removed from the violence of life, which is continually transcended and reinvented by the magic of language.

In this series

Les longues traversées
