It's June 1940, and the Battle of France has been lost. The port of Brest is in the midst of an aerial attack. Second Lieutenant Gus Gervaise shoots down a Junkers Ju 88 German plane before being forced to splash-land at sea. He is taken on board the cruiser "Emile Bertin," en route to a clandestine destination classified as a "military secret." Meanwhile, back on land, prominent members of the French underworld have gathered in a tavern. They've heard rumors of a cargo of gold, the likes of which have never been seen...
