Alexis Mac Coy is wearing the grey uniform of the Confederate Army when he is captured and taken prisoner by the northerners. His courage earns him a pardon for his crimes, and he is even named sergeant major of Fort Apache, where he meets his old friend Charley. Mac Coy has been to war, and from time to time he acts like a hero, but in his heart of hearts, all he really wants is a chance to sit quietly and have a cold drink... A classic adventure series.
