Welcome to Ovalon Island! From the moment he sets foot on the island for the holidays, little William Webb Ellis is fascinated by the sports group that the young people in this magical place seem to devote their lives to. But his new friends don't know anything about the other world of fauns and goblins, guarded by the young Merlin. This is a magical and dangerous world where they practice a rather strange sport, a sport where anyone can find their place on the pitch, no matter their size or stature. When the two worlds meet, a whole new sport is created... rugby! Get ready for a very original anthology!
