The moment he arrives in this Baltimore neighborhood where his father has just taken over a grocery store, Elliot wonders if he'll be able to make any friends there... But he ends up adapting to his new surroundings much quicker than he expected when he falls in with Sixteen and his gang of dope-dealer kids. There's Washington, a marine struggling with his return from Irak, and then Ellis One, the former big shot of the neighborhood who's looking to win back his territory...

This comic presents a world painted with social realism, raw and violent, relating the day-to-day life of those we call "the cornerboys".
