It is three of them! Three unusual people, gifted with paranormal powers. The first, Garance, is able to insert herself into the memories of anyone she meets. The second, Dominique, has two bodies, but only one soul... the source of serious identity problems. The third, Hugo, is capable of "entering" into the spirit of any woman — or man — with whom he makes love, and reading that person's mind. All three have one thing in common: they have met a fallen angel who plans to use their strange abilities to perform good deeds, hoping thus to return to Paradise... With this new series — in which each volume will form a complete, independent story — the imagination of Jean David Morvan has created a fantastic thriller, made all the more exciting by the fact that it unfolds in the familiar setting of contemporary France.
