Sauda, a young hacker from the Rocinha favela in Rio, goes back to her neighborhood after several years to discover that her little brother has fallen into the gang culture. Determined to save him from this life of crime, Sauda discovers that drug trafficking in Rocinha is booming, and that Rio could soon become a hub of wide scale corruption. Discover a whole new adventure from the world of the famous Watch Dogs video game. This is an impelling thriller about a highly talented hacker collaborating with Dedsec as a means to her own ends.
