THREE WARS, FOUR DESTINIES

The experience that they shared will never leave her, not over the twenty years of war that they have lived through, nor during the wars to come. Camps change, and political ideologies too. From Indochina to Algeria, so many places, but for those who lived through it, one single, endless war...

Hervé Loiselet has selected four characters and twenty years of history. The result creates a complex and deep story. Thanks to the variety of characters, and the evolution of their attitudes over two decades, he avoids any kind of moral dualism and can therefore explore real emotions in a dramatic yet believable way. In Blary, he has found the perfect partner. In his first album, this artist has managed to beautifully depict the Algerian sun, the lush jungles of Indochina, or the ghostly pallor of a face confronted with the true darkness of humanity.
