In the late 1920s, Melvin Z. Woodworth is an author with writer's block and a mystery to solve. He takes a vacation to the Swiss Alps to try and kill two birds with one stone—and do some excellent hiking and skiing while he's at it. But the little village, so long slumbering on the wrong side of the Industrial Revolution, is threatened by a force of nature—and, of course, contains secrets of its own. Cosey's masterful graphic novel is presented here in full-color English translation for the first time: an ode to nature, culture, mythology, and a simpler—yet riskier—time.
