RELEASE

20/03/2009

You need a strong personality to follow on from the famous 'Frustrés' in the pages of Le Nouvel Observateur. Luckily, personality is certainly not something that Agrippina lacks. Trapped between her soft-hearted parents, her friends, her little brother and her own existential crises, Agrippina battles through the awkwardness of adolescence with dark humor and a whole load of attitude.

The series has been turned into an animated series, more information [here](#).

In this series

Agrippine déconfite

Agrippine et la secte à Raymonde

Allergies

Les Combats d'Agrippine
