'Une année au lycée' is a hilarious take on the daily life of a high-school history and geography teacher. The high-school student is a peculiar creature: bulshy, preoccupied, provocative, studious, self-conscious, blasé, flirty, serious, disinterested, isolated, unbearable, mindless, headstrong, funny, amused, but above all, a confused teenager blindly trying to make their way towards the Holy Grail: exam results!

Fabrice Erre, who taught history and geography, brings together countless anecdotes in this series of jokes, gags and short stories. One for all the parents, teachers and high school students out there.
