Avant Blake et Mortimer

By Cailleaux & Edgar P. Jacobs & Schréder & Van Hamme

Publisher: Blake Mortimer Genre: Action & Adventure

24/03/2023

In 1943, when copies of "Flash Gordon" could no longer be shipped to countries occuped by the Germans, "Bravo!" magazine asked Edgar P. Jacobs to create a new adventure series to take its place. And so "The U Ray" was born. But Jacobs had the audacity to turn it into a metaphor, with a tyrant controling the bad guys (an obvious allusion) and good guys looking remarkably British, in anticipation of Blake and Mortimer.

In this series
