Once upon a time, aboard his fine ship, a fierce captain dominated the vast oceans of the world, laying waste to anything that crossed his path. But then, one fine day, for no particular reason, he finds himself mysteriously transported
into the 21st century, along with a couple of his stooges! The three pirates, constantly after some treasure or other, will have to contend with the many dangers of the modern world: the little red traffic light men, supermarket
lines, not to mention kids' playgrounds... But that's not all our three mariners have to deal with! To cap it all off, the Captain seems to have earned himself a secret admirer... Will she manage to steal his heart and cure him of his obsession
with gold and treasure?!
