From the bloody episodes of WWII in the Pacific to the most modern developments in aviation, the aviator Buck Danny and his colleagues cross a half-century of American and world history. Uniting an extraordinary sense of detail to the action of great epics, the adventures of Buck Danny not only keep us on the edge of our seats, but they also reveal the hidden side of global geopolitics. The adventures of Buck Danny are a creation of Georges Troisfontaines, Victor Hubinon and Jean-Michel Charlier.
