Casiers judiciaires

By Aranega & Lefred-Thouron

Publisher: Dargaud Genre: Humor

PAGES

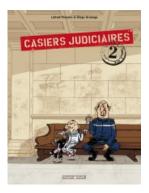

RELEASE 06/02/2009

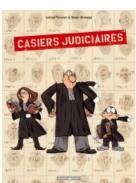

For this series, the authors combed the records of the legal system to create a lively portrait of the ordinary workings of day-to-day justice, and turned them into a collection of hilarious half-page gags.

Tribunal is a real slice of life: clear-eyed, biting, cruel, and alarmingly realistic - but also completely irresistible. It shows the justice system not as it's portrayed in the media, but as it affects ordinary people every day.
