1945 in the United States. Colby, Warsaw and Delaney, three retired fighter pilots, become private detectives and create the Blue Sky Detective Agency. Greg's final series has all the ingredients of a classic 40s detective story, with a hint of adventure too. These well structured tales, set in post-war USA, are filled with brilliant dialogue and realistic artwork from Blanc-Dumont at the height of his powers. This complete and unabridged edition is a wonderful opportunity to dive back into high quality storytelling that never goes out of style.
