In a world not far from our own is a very private school. Its students follow a curriculum designed to shape them into formidable professional criminals. Coursework includes sharpshooting, crime theory, and the art of ninjutsu.... Malice and bad behavior are rewarded by the teachers. Our hero, Tomoki, is a nice boy, well-raised and polite. He is about to find himself plunged into a world that is the opposite of everything he knows. He quickly becomes the scapegoat of all the 'best' mischief-makers in the school. But how has Syounen ended up here, and why? A mysterious presence shows Syounen how to seek out the souls of great criminals, which offer enormous power to those who can find them. These souls are highly sought-after, and it becomes Syounen's quest to track them down.
