Ever since Karl transformed Celyna into a vampire, he's become her master. So she decides to take off for San Francisco, the cradle of the porn world, to find him and put an end to his control over her. And for that, she sees only one option: kill him. But her obsessive desire to free herself from her bonds will only make her sink deeper, and she won't come out unscathed...

Sex, vice, and horror! Discover the story of HeartBreaker, who first appeared in DoggyBags #6, born from the collaboration between Céline Tran and Label 619. For mature readers.
