Lapinot, a creature of the lagomorpha genus, is a rather extraordinary rabbit. Firstly, he talks ... and intelligibly at that! Secondly, he moves around like any other comic hero, in a world that changes... with each album! In the first episode, we find him out in the Wild West in the era of saloons and poker games, and in the second, roving round a modern-day big city, living a normal (?) life... Trondheim's Lapinot is a series unlike any other, full of unexpected charm, humor. True to his own eccentricity, Trondheim has even created a Lapinot series - wait for it - without Lapinot!
