Larry B. Max is one of the rare specialists of the special department of the I.R.S. (Internal Revenue Service), the all powerful agency for taxes in the United States. Reading the complex methods to evade taxes and to launder money like a virtuoso pianist would read the scores of Mozart, he has all the means to prove the links between the world of high finance and the top criminals. Peeling back the accounts of billionaires, of the giant financial groups and of many branched multi-nationals, Larry tries to find the dangerous route back to the nebulous origins of their colossal fortunes...
