Narco Business is the first volume of the second season of Insiders, the incredible thriller concocted by Bartoll and Garreta... The war on the drug market, power games, black market networks, accurate and precise research: all the ingredients that made the first season a success! In this first album of the second season, we find Najah, our heroine, in Japan. The formidable young woman is now the head of the Grand Council of mafias and needs the support of yakuza to stay up there. Even as she prepares to discuss with them, she can't get an old proverb out of her head: 'the way of the warrior is the acceptance of death'. Meanwhile, in the States, Torquemada of the Colombian drug cartel is facing a hostile takeover bid from his Mexican counterparts in the U.S. market. War is declared, and the Colombian calls on the Grand Council...
