13-year-old Hiroya Suzuki lives in Japan. When his father is transferred to the Paris branch of his company, and brings his family along, it is the start of a great adventure for them all. Besides learning a new language, they will have to meet the enormous challenge of adjusting to a different way of life. Whether it means soul-searching or dealing with the minor hassles of daily life, each of them will have to find his bearings in this strange new world.

Drawn in a clean, modern style, this delightfully humorous manga presents French daily life as seen by a Japanese family with whom we quickly come to identify.

Junko Kawakami gives a beautifully accurate representation of adolescence, with all its troubles and turbulence. 'It's Your World' is her first manga to be published in France, where she lives. In it, she turns her own personal experience to good account, filling the tale with her own personal anecdotes.
