Early 80s in China, Kushi lives in a small remote village in Inner Mongolia in harmony with the steppe and its beautiful generous expanses, but with a fragile balance. Kushi is an orphan. Appearing mysteriously in the village when she was just a baby, she is considered the black sheep of her community. She was brought up by an old shaman, and she annoys and arouses the mistrust of the villagers who treat her as a little witch. When she discovers the actions of Bold, a local bandit, a merciless struggle begins between the young girl, this lawless crook and the supporters of a certain idea of progress.
