For many, travel is often synonymous with escape. It is a quest for a change of scenery and above all for personal enrichment, a unique opportunity to surpass one's limits, toallow oneself new experiences. For our hero, it is all this, and much more. This trip to the Brazilian coast is essentially a way to follow in the footsteps of his older brother, who passed away a year earlier in the small port city of Belém, in the north of the country. A road trip full of unexpected encounters, many unforeseen events, and strong emotions.
