Martin gives his mischievous daughter Nola the music box that belonged to her late mother. The little girl soon starts to believe there's something living inside it. That's when Nola shrinks, goes inside the box, and discovers Pandorient, a magical world beyond the paper door. But time is short: Mathilda, mother of Andrea and Igor, has fallen seriously ill. What's wrong with her? Could she have been poisoned? Perhaps the water is contaminated?

In this series

Les plumes d'aigle douce

La mystérieuse
disparition

À la recherche des
origines

Le secret de Cyprien
