Jean is a medical student who's about to start her final residency rotation in gynecology. But she'd much rather practice surgery than listen to simpering women moan about their problems all day. Plus, this department is headed by the notorious Dr. Karma, renowned throughout the hospital for his stubborn mindset and unorthodox practices. However, in her first week, Jean begins to realize that Dr. Karma's reputation isn't fully accurate, and, perhaps, the complexities of women's stories are worth listening to and respecting.

A modern classic of a revolution in women's medical care, adapted from the bestselling novel by Martin Winckler.
