Aldo is a mobster who finally gets out of prison after many years behind bars. It's cured him of his taste for violence. This former career criminal can't stand the sight of a single drop of blood anymore. When he sees it, he passes out. On his way home, he misses a turn and crashes his car into a tree. He finds help in the first house he sees: Lou's farm.

But Lou is not very welcoming. As it turns out, she's just killed her husband, and he is still in the freezer... Her husband had money troubles with the local mob, which Aldo used to be a part of! What a small world. When the mobsters get to Lou's farm to collect their money, they find Aldo. This cannot be a coincidence.

Aldo must know that he has been ratted out and must be back for blood!
