The story of a greathearted adventurer, a journeyman plying his craft of stone cutting through all the regions of France. Dragging behind him the mystery of his origins, fleeing the closed and hierarchical society of the Journeymen who rejected him for unfair reasons, this man is seeking the truth. This series with a historic and regional vocation on the theme of the Journeyman craftsmen is conceived like a picturesque epic.

In this series

Cœur de Bourges

La Dame de Ligugé
