They are sent off to detention... But before Ben can understand what this all means exactly, his friend gets punished because of him. Trying to go after Aria at all costs, the young boy also gets himself into a bit of trouble. He then discovers the famous world of detention, a strange place deep underground the school, where the punishments are very severe, and the students are undergoing a program of re-education. Ben and his band of creative dunces decide to revolt. They join forces and talents to understand and overturn this authoritarian underground world and transform it into a new system of learning.
