His name is Jason. He is the son of a Master Merchant and is condemned by genetic to become the most wanted mutant of the Federation: the powerful Gambit!!

Jason was not prepared for such a destiny. He decides to escape his fate, the supreme sacrifice in the name of collective goodness. He seeks refuge in the forest where will take place the terrible mutation.

But all the castes of the Federation are after him, all more ruthless than each other. The Gambit stirs their covetousness.

Hunted, the Gambit will find hope again when his little girl recognises him, despite his spectacular transformation.

The artists, Aubry & Frasier acquired their solid experience through video games, like much of the new generation of promising authors. As for the scenario, it is by Sofia, a new and very inventive writer for comics.
