A strange curse has befallen the villagers of Upper Heights. They have suddenly become nothing but shadows of their former selves. A young herbalist called Mycena tries all the recipes she knows to cure them, all in vain. But there is one final remedy that might work... However, in order to make it, she must go to the village of Lower Deep, the fiefdom of her arch enemy, Roch the Alchemist. Despite their differences, our two heroes now have a shared mission, and it's a matter of life and death for their fellow villagers... the Age of Shadows approaches.
