Chick the 1st isn't your average chicken coop newbie. He's plagued by existential questions and fomented doubt in the farmyard where he was born. Both naive and eager to learn, but also a bit of a trouble-maker when it suits him, our chick questions the world around him in a series of hilarious sketches signed Éric-Emmanuel Schmitt, a sort of modern-day fable writer, and the wonderfully playful artist, Janry. A refreshingly witty series taking another look at the big philosophical questions that are threaded into our present-day culture
