Three fearless (well, except for one) young boys beyond reproach (well except for one – the same one) share the same goal in life: to have as much fun as possible while getting in as little trouble as possible. To achieve that, they rely on their imagination, their determination... and a fair amount of luck! For no mere mortal could survive the adventures of these three horsemen of the “apocalipse” and the crushing defeats they constantly endure! The mayhem typically starts when they least expect it: in class, on a field trip to a museum, on a walk in the woods or during a ride in the car... and then before they know it, everything is spinning out of control!
