At the bottom of the ocean the fish are leading a quiet life, dancing and playing in the cool water... until, one day, a deep-sea diver disturbs their peace. She is looking for something called a "triton," which she thinks must be worth a lot of money, and is determined to find it... But as she chases the triton in a kind of balletic duel, a whale suddenly appears and, GULP, swallows them both whole! If they are to get out alive, the two enemies must work together...
