In 1967, noticing the sad lack of « futuristic » science fiction in Tintin magazine, Greg created this superb series for his friend Eddy Paape. Forty years on, re-immersing yourself in the adventures of this Flash Gordon à la française ! (Or, to be precise, à la franco-belge...)

The adventures of the handsome doctor, his fiancée Lara and his mentor Hugo Kala on the planet Terango have a flavor of mystery with a scientific bent, taken from the cutting-edge research of the period.
