RELEASE 02/10/2009

Helped by his faithful mount Jolly Jumper and hindered by Rintincan, the stupidest dog in the West, Lucky Luke spends his time getting people out of trouble. The famous "Poor Lonesome Cowboy"'s task is not made easier by the villainous Dalton brothers, who have their work cut out trying to thwart Lucky Luke's plans. The sales of this best-selling Western parody are second only to those of Asterix.
