By Blutch

Publisher: Lucky Comics

Genre: Action & Adventure, Western

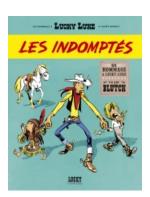

For Lucky Luke, it's time to rest. One last mission and then peace and quiet... Or so he thinks, until a strong-willed little girl pulls a gun on him, shouting "Arms up, coyote!" Lucky Luke quickly takes charge of the situation and discovers that this little girl, Rose, lives alone with her brother, Casper, in an isolated cabin. Since their parents have disappeared. Lucky Luke decides to take them back to the sheriff in town... But he soon realizes that, until then, he'll have to play "nanny" to these particularly boisterous children! A totally unexpected role for him...
