The trilogy Maudit sois-tu, mixes real-life and fictional characters with a touch of fantasy. The originality of the series lies in its reverse storytelling: 2016, 1848 and 1816, with each chapter shedding light on the stories coming before.

2017, a man is found dead in the sewers of London. For the coroner there is absolutely no doubt: the unfortunate soul was killed by an arrow in the back of the neck. The police investigators quickly take an interest in the deceased's girlfriend, as their relationship seems to have been arranged by their mutual boss, Nicholas Zaroff. Who is this Russian oligarch? What is his secret?

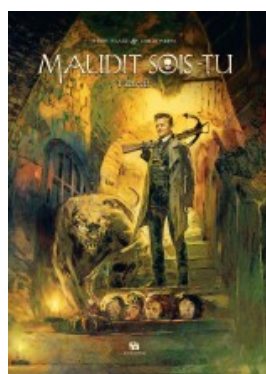

In this series

Maudit sois-tu - Tome 3 - Shelley

MAUDIT SOIS-TU - Tome 2 - Moreau
