Created in 1957 by Jean Graton, Michel Vaillant embodies an ideal: that of the motor sport champion who is simultaneously honest, loyal and brave. A member of team Vaillante, founded by his parents, he is an exceptional driver who does not hesitate to put himself in danger in order to help others, denounce an injustice or unmask cheats and crooks. Jean Graton, who is always well-informed about the latest technological innovations and very much acquainted with the world of racing circuits and teams, has been able to develop a popular series, which has been and continues to be a reference for generations of boys with a passion for motor sports. A series that today has more than 70 albums and a lot of other stories. The idea of a compilation came from fans who wanted a complete collection of Michel Vaillant's adventures including the unpublished material.
