In the wake of Puta Madre, the first Mutafukaz spin-off, Loba Loca tells the turbulent tale of Guadalupe, an endearing high school student with one problem: she has a hard time controlling her anger... Brought up by a single mom and trying to find her way, Guada's frustration builds until she finally decides to take off and try her luck in the grimy streets of Dark Meat City, seven years after the events of the first Mutafukaz cycle. An extraordinary road trip that will lead Guada toward her future even as she retraces her past, meeting a whole host of unusual and notorious characters along the way.
