VOLUME

**FORMAT** 

**RELEASE** 06/01/2012

It's a pretty village in the French countryside. Just a normal village, where life flows peacfully by... and yet, all of the villagers seem to be falling into despair... Who is the strange writer always at the center of attention? Why are the villagers disappearing one by one? In truth, this village only exists in the memories of Léo, and his characters are disappearing one by one, the victims of a secret that has been buried for far too long. Will the few survivors discover the truth before it all disappears into the void? This album by Clarke has realistic yet intimate style that is truly original.
