Adapted from the celebrated animated cartoon of the same name, « Oggy et les Cafards » introduces us to a debonair yet voracious cat, who comes into conflict with three odious cockroaches who will stop at nothing to seize control of the house. In a format of two-panel gags - wordless, like the cartoon - « Oggy » is a wild, hilarious lesson in mischief presented by Diego Aranaga, the author of « Victor Lalouz », and Sylvain Frecon.

A genuine accomplishment — at the same time totally faithful to the series, and completely original — « Oggy » is certain to captivate both young and old.
