It's hard trying to be eco-friendly when there's Netflix and McDonald's, isn't it?

Quitting fast-fashion and plane travel, reducing waste and meat eating without putting too much pressure on yourself or feeling guilty along the way: these are challenges that Maïté Robert takes up every day, with varying degrees of success... It's a process that she explains with humor in this new, inhibition-freeing graphic novel.

Mais peut-être que certaines choses mériteraient (tout de même) qu'on se donne un (petit) coup de pied au cul?...
