Day after day, Pygmalion puts his genius to work. Galatea is a splendid ivory statue that takes shape as Pygmalion's deft fingers move, adding detail, softness, beauty... until the day when the artist falls in love with his own creation. Day and night, the miserable sculptor admires her. Aphrodite, who can't bear to leave the despairing man in pain, decides to bring the sculpture to life, but the consequence are grave...

After "La Gloire d'Hera" and "Tirésias", Serge Le Tendre offers us a new Greek tragedy.
